## What VRC Does With Veterans and Families

The Veterans Resource Center provides a safe portal through which the returning combat veteran can build resiliency, increase access to and use of internal and external resources, and reintegrate into family and community life. Our programs foster mutual education and support for all participants.

We network with existing Veteran service organizations, community groups and churches to reach out to veterans and their families in need.

We provide referral and advocacy services for veterans who request support in the area of medical and mental health services, disability and educational benefits as well as family cohesiveness and healing.

VRC is a program of: International Humanities Center  
(www.IHCenter.org), a 503(c)3 non profit organization.
